▪ Vision of the Institute

Strive continuously for academic excellence by providing best contemporary, functional education and endeavoring to attain supreme engineering educational excellence, through sincerity of motive and focused efforts.

▪ Mission of the Institute

To prepare students to succeed in information-directed and technology-driven global economy to become global citizens through effective teaching and learning processes with strong practical exposure.

▪ Vision of the Department

To play significant role for achieving academic excellence and develop sincere, motivated Computer Science & Engineering graduate with knowledge, aptitude and skills to be suitable for real world problem solving.

▪ Mission of the Department

- To facilitate budding engineers to learn with passion
- Provide maximum exposure to recent trends and technologies
- Provide specialized learning opportunities with real world problems
- Emphasis on ethical practices and team work

▪ Program Educational Objectives (PEOs)

PEO1: Be successful professional with exposure to technology, knowledge, skills relevant to ICT Industry

PEO2: Be able to contribute in synthesizing solutions for real world problem by working in team

PEO3: Become sincere professional, keen learner, motivated and follower of ethical practices

▪ Program Specific Outcome (PSOs)

PSO1: Students become aware of recent software/hardware tools, technologies and processes

PSO2: Students become enabled to develop moderate level application by following software development process and tools

PSO3: Students become ready to work in team for industry

▪ About this Issue

We are proud to present Volume 7 Issue 2 of the "Prestige Chronicles," the departmental newsletter of Computer Science and Engineering at PIEMR, Indore, for the July to December 2021 session. This edition highlights diverse activities that were thoughtfully curated to motivate students, provide industry exposure, and deepen their understanding of emerging technologies. The department resumed hybrid engagement with both virtual and physical events, reflecting adaptability and continuity in academic excellence.

▪ Message from the Desk of Director

Dr. Manojkumar Deshpande,
Director, PIEMR, Indore

In the post-pandemic transitional period, it is commendable to see our Department of Computer Science and Engineering adapt to the changing educational landscape with confidence and vision. Through a blend of online and offline engagements, our faculty and students have continued to pursue excellence. This issue of the newsletter is a showcase of their efforts, their curiosity, and their collaborative spirit. I extend my congratulations to the entire team and encourage everyone to

continue embracing learning with the same passion

▪ Activities

▪ Webinar on "Self Motivation"

An inspiring session on "Self Motivation" was conducted on 4th December 2021 under the banner of the ACM Student Chapter, CSE, PIEMR. Dr. Vimal Shukla was invited as the resource speaker, who addressed 109 student participants. His interactive and anecdotal presentation touched upon the psychological underpinnings of motivation and practical strategies to stay positive and productive in academic and professional life. The session received excellent feedback for its relevance and impact on personal development.

▪ Departmental Induction for First Year Students

To welcome and orient the newly admitted students of Computer Science and Engineering, the department conducted a Departmental Induction Program on 26th November 2021. Coordinated by Ms. Shraddha Sharma, the

event witnessed the enthusiastic participation of 156 students. The session included an introduction to departmental facilities, academic structure, mentorship support, and clubs. Students also got an opportunity to interact with senior faculty and alumni, setting a motivating tone for their academic journey at PIEMR.

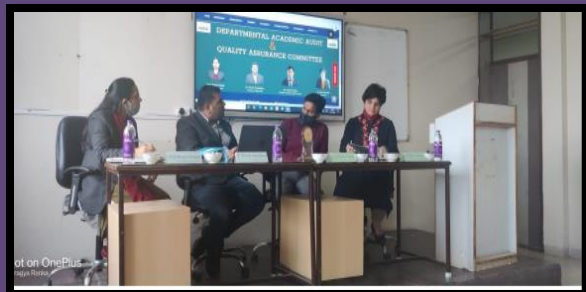

▪ Industrial Visit to TCS, Indore

On 7th December 2021, a group of 60 students from the department visited Tata Consultancy Services (TCS), Indore as part of an educational industry visit. Organized and led by Mr. Ankit Chopra, this visit provided valuable insights into corporate work environments, development cycles, and IT service operations. Students interacted with TCS professionals and learned about career prospects, expectations from fresh graduates, and the evolving roles in software engineering..

▪ DQAC Meeting

The Department Quality Assurance Cell (DQAC) meeting was held on 17th December 2021 to review departmental goals, assess academic progress, and realign initiatives with institutional quality benchmarks. The meeting was chaired by Dr. Piyush Choudhary and attended by 18 faculty members. Strategic discussions revolved around curriculum improvements, research contributions, and student development initiatives..

▪ Webinar on “Understanding Artificial Intelligence”

From 26th November to 4th December 2021, the AI Club of CSE Department organized a webinar series titled “Understanding Artificial Intelligence.” Coordinated by Ms. Pragya Ranka, the event attracted 78 participants and focused on demystifying key AI concepts, such as supervised learning, decision trees, and neural networks. It was designed for beginners, promoting interest in AI research and implementation.

Heartiest Welcome

- ☛ Dr. Ravi Patel
- ☛ Dr. Shikha Purwar
- ☛ Ms. Lata Verma

Forthcoming Events

- ☛ Webinar on Project Management
- ☛ Webinar on Compiler Design
- ☛ Webinar on Latest Trends in Blockchain Technologies
- ☛ Urjotsav 2K22

News Letter Committee

- ☛ Mr. Devendra Singh, Chief Editor
- ☛ Ms. Noorvi Patankar, Student Coordinator
- ☛ Ms. Karali Patil, Student Member
